

Penetration Testing

How secure is your organisation?

What is *Penetration Testing*?

Penetration Testing (ethical hacking) simulates real-world cyber attacks to uncover vulnerabilities in systems, networks, and applications before criminals exploit them.

Why is *Penetration Testing* important?

- ✓ **Identify Weaknesses**
Spot vulnerabilities before attackers do.
- ✓ **Reduce Risks**
Prevent breaches, leaks, and reputational damage.
- ✓ **Ensure Compliance**
Meet industry standards and regulations.
- ✓ **Refine Response**
Test and improve incident handling.

Benefits to your organisation

- ✓ **Stronger security**
Protect data and strengthen defences.
- ✓ **Lower risk**
Minimise breaches and build client trust.
- ✓ **Regulatory adherence**
Simplify compliance and avoid penalties.
- ✓ **Financial protection**
Prevent costly breaches or legal action.
- ✓ **Continuous improvement**
Update policies against evolving threats.
- ✓ **Client confidence**
Prove your services are secure and reliable.
- ✓ **Data protection**
Guard against unauthorised access or misuse.
- ✓ **Operational resilience**
Avoid disruptions and downtime.
- ✓ **Improved response**
Strengthen plans for faster recovery.

inFILTRATE Basic
from
**£1,500 annually
or £140/mo**

- 1x annual test
- External penetration test
- RAG report + remediation steps
- Delivered by inTEC Cyber Security Team

inFILTRATE Standard
from
**£1,000 setup
+ £100/mo**

- 1x annual test + monthly scans
- Annual penetration test
- Monthly vulnerability scans
- Helpdesk tickets for remediation

inFILTRATE Premium
from
£100/IP/mo

- 12x monthly penetration testing
- CREST-approved pen testing
- Simulated attacks + full reporting
- Compliance support & risk reduction

Let's talk...

inTEC brings proven expertise, backed by industry-leading accreditations. Our *inFILTRATE* solutions deliver reliable, effective support tailored to your organisation. **Speak to your inTEC Account Manager to get started.**
